TIPS FOR BUSINESSES:

- ✓ Take care of your banking early. Get change and make your standard transactions the week before the event.
- ✓ Make sure to communicate with your employees and customers. Let them know if you will be open or closed or if you'll have special hours. Remind employees to allow extra time to get to and from work.
- ✓ Prepare for reduced communication possibilities and have backup plans, the influx of people will put a strain on cell towers and internet connections. Card readers may not work or may be slow.
- ✓ Decide how to deal with people in your parking lot or on your property even if you are not planning to open.
- ✓ Consider ordering supplies for early delivery the week before.
- ✓ Expect delayed response times for emergency services.
- ✓ Fill up vehicles with fuel prior to the event.

BE PREPARED!

- ☑ If you're working on April 8, pack your lunch, snacks and bottled water, and give yourself extra time for your commute.
- ☑ Prepare yourself for cellular and Wifi service interruptions.
- ☑ Be extra patient. Ohio expects an extra 500,000 visitors, which will put a strain on our roads, emergency services and other infrastructure.
